CLEARBROOK MANOR Adult Treatment Center

Clearbrook is a national leader in drug and alcohol rehabilitation services. We have provided treatment to those suffering from addiction, both the addicted and their family, since 1972. Our philosophy is "Patients Come First" and our treatment is grounded in a 12-step recovery process. Our new, 68 bed facility includes detoxification and rehabilitation services. Clearbrook prides itself in its experienced staff, well-maintained facilities, and deep knowledge and understanding of the disease of addiction and recovery process. Throughout their stay, patients will participate in intensive individual

counseling, group therapy sessions, addiction and recovery lectures, as well as other recovery oriented activities and programs. Clearbrook strongly believes in a well-planned aftercare program which is why the moment a patient walks through our doors the aftercare planning process begins.

SOBER CANYON **Outdoor Recovery Program**

The Sober Canyon program is a component of Clearbrook's primary 28-day treatment program. It is an outdoor, experiential, adventure based program which was specially designed to meet the needs of patients ages 18 to 27. The goal of the Sober Canyon program is to aid each individual in their pursuit of a recovery based reconditioning of the mind, body, and spirit. Learned skills within this program are directly related to a 12-step recovery program with an objective of participants carrying these skills into the next

step of their recovery journey. On campus activities include an obstacle course, spider web activity, building projects, trust walks, and a rock garden, among other recovery oriented activities. In addition to utilizing Clearbrook's 20 scenic acres, Sober Canyon participants will engage in off campus activities to include hiking in various local state parks, mountain biking, snow tubing, horseback riding, and other weather permitting activities.

CLEARBROOK FAMILY **Weekend Treatment Program**

In addition to treating the addicted, Clearbrook believes treating the family is key to a successful recovery journey. Our family treatment program runs Friday through Sunday and includes group education and individual counseling sessions. The program is based on the 12-steps of Al-Anon which provide a framework for change. Family members will engage in recovery specific exercises which will help them develop knowledge and skills to assist them and their loved ones through the recovery process.
